 **Ply Gem**®  
STONE

MORTARLESS  
STONE VENEER

# Classic Series

The ClipStone® Classic Series is an easy-to-install mortarless stone veneer solution designed for long-lasting interior and exterior designs.

- The look of natural stone with easy install properties
- Variety of trending styles and colors available
- The beauty of stone masonry with less mess
- No sealing, painting or cleaning required
- Individual stone pieces for added design flexibility

**1** Simply prep the wall, place a screw in each eyelet and attach ClipStone to the wall.

**2** Continue putting your ClipStone pieces up one at a time, just like professional stone masons do. Except this time, it's you.

**3** Keep going. When your space is complete, there's only one thing left to do. Stand back and admire your beautiful handiwork.

# ProPanel Series

The large-format ProPanel Series provides quick and easy installation with an innovative stairstep design that hides joints for maximum curb appeal.

- Ideal for more-substantial residential and commercial projects
- No seasonal restrictions on installation
- Discreet seams and true masonry corners
- No masonry skills required
- Ability to work out of your existing toolbox
- Easy jobsite cleanup

# ColumnWrap

The perfect solution for beautiful columns and caps.

- Simple and easy to install around 4", 6" or 8" pressure-treated posts
- 3' column installs in as little as 30 minutes
- Eliminates the need to frame around the post

## CAPSTONES

- 18" x 18" Flat or Peaked Capstones

# No Mortar, Less Mess. It's That Easy!

It's all about the clip! The ClipStone collection by Ply Gem Stone is a handmade, mechanically fastened stone veneer solution offering the look and benefits of natural stone without any of the drawbacks.

## DESIGNED FOR DURABILITY

Panels are weather-resistant, fire-rated and won't crack or peel.

## NATURAL STONE LOOK

Features the same patterning, texture and color of natural stone at a lower cost.

## LOW MAINTENANCE

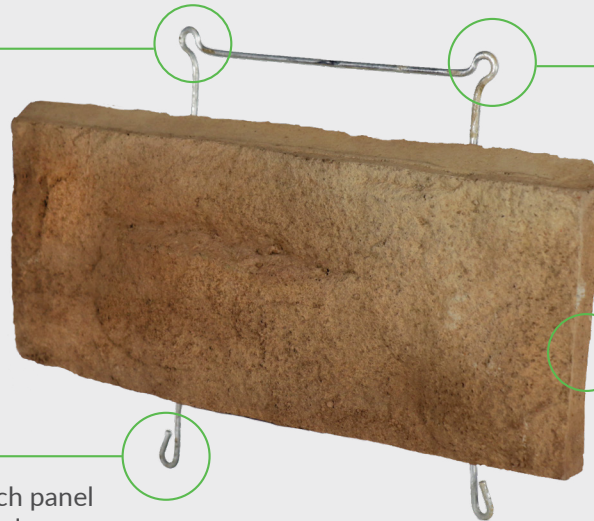

No sealing, painting or ongoing maintenance required.

## EASY INSTALLATION

Panels simply screw into place without the mess of mortar.

## PERFECT FIT

Bottom clips gently guide each panel into place to create a tight seal.

## PATENTED MOUNTING CLIPS

Mounting clips are embedded within each panel for simple and secure installation.

## BEVELED DESIGN

Beveled panels allow for maximum positioning flexibility during installation.

## Designed To Breathe

## BUILT-IN WATER MANAGEMENT SYSTEM

Panels are elevated to manage the flow of water and allow exterior walls to breathe.

## PATENTED FLANGES

Flanges make it easy to create perfectly stacked rows that look like they were installed by a professional mason.
